

IACRN 2nd Annual Conference
The Road Ahead: Establishing the Specialty of Clinical Research Nursing
Special Pre-Conference
Hosted by the National Institutes of Health Clinical Center
CRN²⁰¹⁰
Nursing Practice at America's Research Hospital

Wednesday, November 17, 2010

7:30 AM – 8:30 AM	Check-in and Meeting Registration	Masur Auditorium
8:30 AM – 9:30 AM	CRN2010: An Agenda for Clinical Research Nursing <i>Clare Hastings, RN, PhD, FAAN</i> <i>Chief Nurse Officer, NIH Clinical Center</i>	Masur Auditorium
9:30 AM – 9:45 AM	Break	
9:45 AM – 10:30 AM	Defining CRN Practice: Results of a Role Delineation Study <i>LCDR Margaret Bevans RN, PhD</i> <i>Clinical Nurse Scientist, NIH Clinical Center</i>	Masur Auditorium
10:45 AM – 11:30 AM	Perspectives on Nursing Roles in Research: Panel Discussion <i>Clinical Research Nurses and Research Nurse Coordinators</i>	Masur Auditorium
11:30 AM – 12:30 PM	Lunch: Box Lunches available for purchase (see registration)	1SE Atrium

12:30 PM – 2:00 PM Round Table Discussions

These interactive small group educational sessions will provide participants with an overview of innovative approaches to a particular challenge in clinical research nursing and an opportunity to share best practices and discuss positive outcomes from a variety of clinical research practice environments.

Attendees will select one round table to participate in from the following topics:

1. *Bridging the Gap between Clinical Research and End of Life Care*
2. *Drivers of Nursing Intensity in a Clinical Research Setting*
3. *Ethical Considerations in Nursing Care of Pediatric Research Participants*
4. *Nursing Challenges in the Care of Phase I & II Allogeneic Blood and Marrow Transplant Recipients*
5. *The Role of the Clinical Research Nurse in Informed Consent*

2:00 PM - 3:00 PM Tours of the NIH Clinical Center

Two tour types are being offered to participants. The **General Facility Overview** tours will allow individuals to visit a number of unique clinical research practice settings specifically designed for high intensity high investment research. The **Practice Discussion** tours will allow individuals to visit a specific group of patient care settings designed to showcase a special topic in research. Options Include: **Pediatric Research and Rare Diseases, Genetic Research, Behavioral Health Research, Oncology Research, Metabolic/Endocrine Disorders, Multispecialty Areas, Imaging Studies, Critical Care in a Research Setting**
